## About Us

AV- Vision Equipment manufactures and supplies a variety of audio visual products, such as **Projector Screens, Overhead and LED Projectors, Accessories, Audiovisual Products and Cables.** Adhering to the quality standards, we are committed towards providing reliable quality products at attractive prices.

Our mission is to serve clients in the industrial, commercial and institutional markets as a value-added provider of products and services. Our quality is attributed to renowned brands, such as Vega Mfg. Ltd., Megapower and Optoma.

We are capable of **handling installation and maintenance** of audiovisual equipment. In addition, our research and development unit puts all its efforts to improvise our product range and experiment alternative production means to reduce manufacturing cost.

Our products undergo rigorous quality check at each stage of production. We continuously put all our hard work towards offering flawless range of products. These products are highly appreciated by our clients for various features, including **durable finish, chemical and thermal resistance, high performance and cost effectiveness.**

Besides, we have a large warehousing facility that enables us to store our product range efficiently. Our company also offers product warranty, maintenance, repair and replacement services.
